THE RAM

FOREWORD

As we, the seniors of 1966, prepare to leave Douglass, we depart knowing that we have done our best as friends and as scholars. In the pages that follow, we have compiled some of our cherished moments and memories which shall dwell in our hearts forever.

It is our sincere wish that these pages serve to promote better understanding between the school and the community; the teachers and the pupils; and among the pupils themselves.

DEDICATION

The Senior Class of 1966 dedicate this annual, "The Ram", to both former and present teachers at Douglass High School. We are grateful to each teacher for his competent guidance and for the noble work that must have gone into his efforts to facilitate our growth into mature men and women.

We also dedicate "The Ram" to our parents--whose task has been no easy one--for the love, tender care, and open-mindedness which have led us, their children, to acquire the skills and techniques necessary to make our lives richer and happier.

ADMINISTRATION

PRINCIPAL'S MESSAGE

THE PRINCIPAL EXPRESSES:

Greetings, thanks and best wishes to the 1966 yearbook staff and to all of the members - and the parents of the members - of the class of 1966.

You who are on the staff have planned well and worked exceptionally hard to produce a yearbook of which we all can be justly proud. Your contribution in this respect will be highly gratifying and remembered by your classmates, your instructors, your parents and your friends in general for many years to come.

To the members of the class at large - and to your parents - much credit is due. Successful completion of high school studies is an achievement which always requires patience, persistence, fortitude, forbearance and plenty of hard work. You have demonstrated these fine virtues and efforts.

In this age of space and speed - when people everywhere seem to be the victims of a growing spirit of restlessness, indifference, ingratitude and irresponsibility - it is comforting to know that we still have left among us some young people (and their elders) who have the courage and the will to move forward in search of a better life. The production of this yearbook - as indeed your successful pursuit of a high school education - is concrete evidence and a tangible product of such aspirations, such strivings and such determinations.

Again, congratulations, thanks and best wishes as you move on into the "great society" with greater opportunities for service to your country and to the world.

THE GUIDANCE COUNSELOR

The end of high school is the beginning of another part of your life, with many new things to learn. It is from there that you branch out into new pathways, maybe to college, to employment, a trade or to the Armed Services. Will you make a poor start or a good start in your adult life? If you have acquired the "tools" by diligent study in mathematics, English, Science and all your subjects you will have set up a proper foundation and will have prepared a firm base to handle future situations. You will then be off to a good start; but if you have studied scantily, tried to get by without studying at all, or if you have pulled contrarily to the teachings and rules of the school, you are off to a bad start. All your life you may be stumbling, trying to get started and trying to get a good footing, just to stay in Life's race.

It is a great feeling to be awarded your high school diploma. It means that you have the determination to stay with it until it was completed. You're proud of yourself and everyone around you is proud--your family, your friends. This is their moment! Let this be only a moment with you. Learn to temper pride with humbleness so that as you go into life's maze, you will never be too proud to help one less fortunate than you, or too proud to whisper a soothing word to the sad for:

The heart remembers these little things
And wisdom holds them dear --
A tender smile, the hand's brief touch --
A lovely word to hear.
Oh, life's most brilliant tapestry
Would pall before too long
Without the simple, back ground threads
That keep its beauty strong.

SPONSORS MESSAGE

We wish to congratulate each of you upon becoming members of the Senior Class of 1965-66.

We realize that the task has not been an easy one, and that the road has not always been smooth. We do hope, however, that through it all you have grown stronger and better equipped educationally and socially to undertake the greater tasks that lay ahead, but this has not been a one-way street, we too have learned much from you.

The dream of every teacher is to see her pupils become stronger and better as he grows into maturity. This we have seen you do.

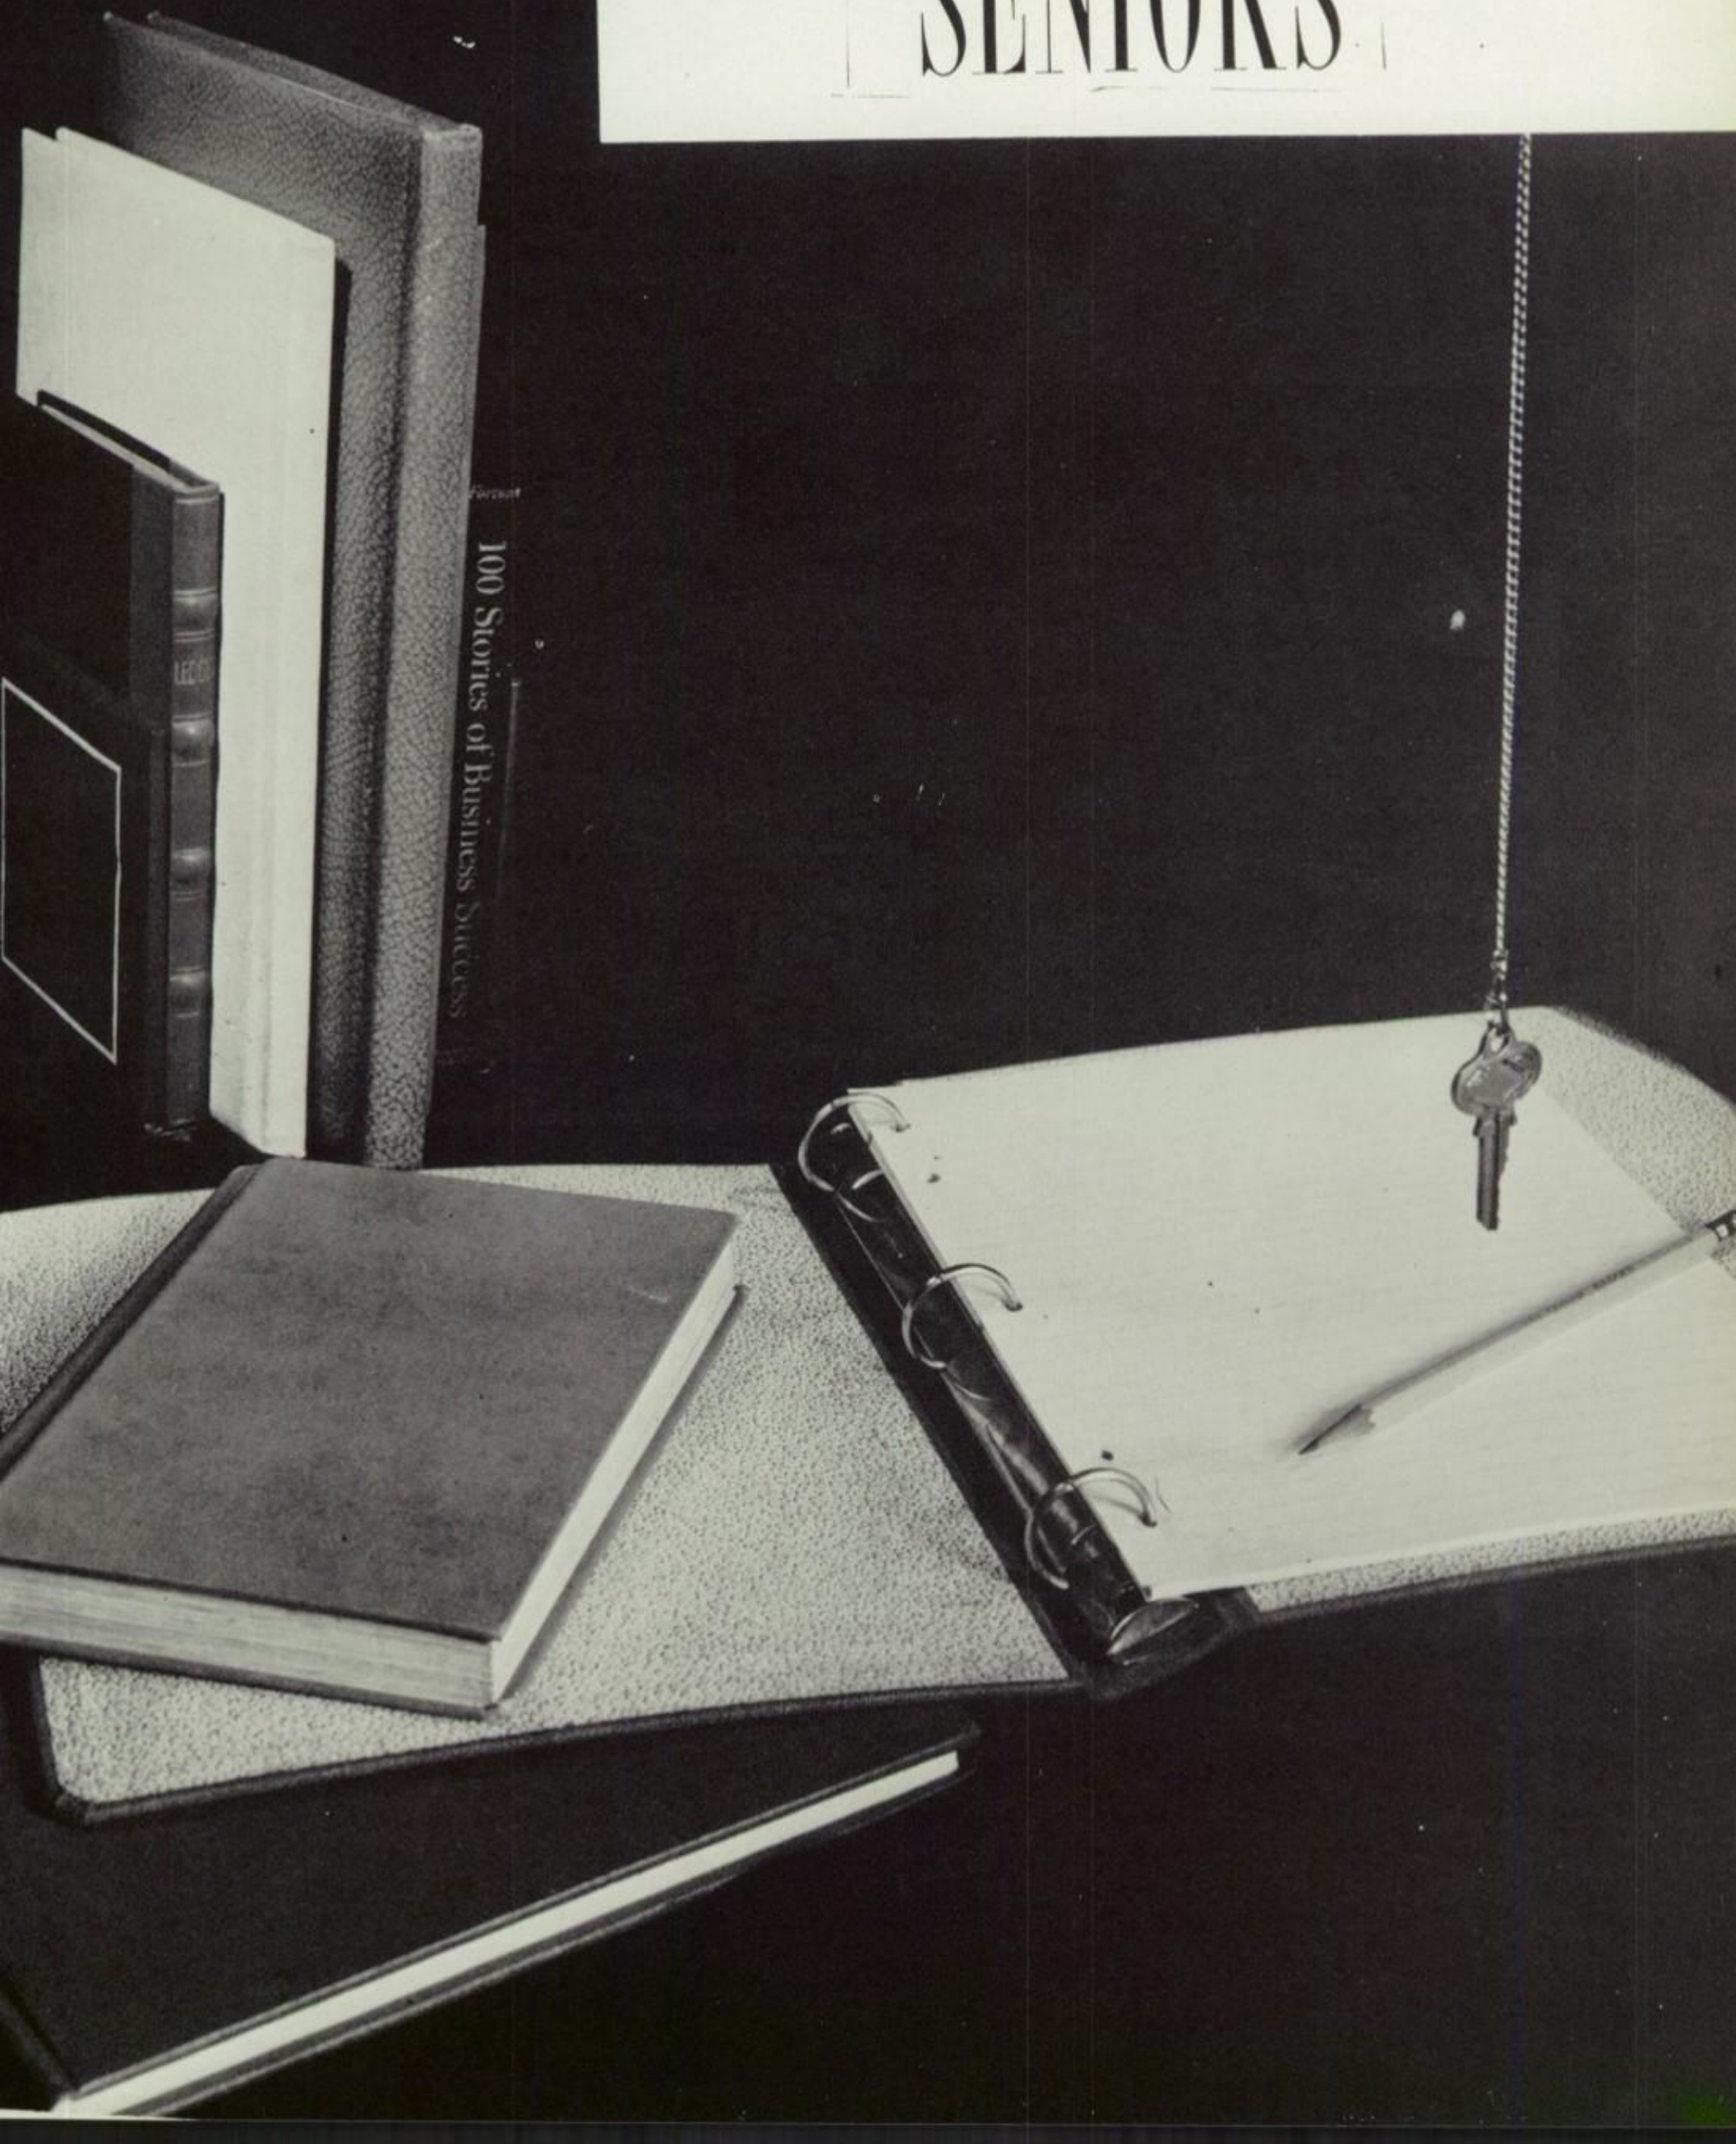

Our challenge to you, therefore, is "keep up the good works, continue to study, and to grow stronger; transform disadvantages into advantages, and stumbling blocks into stepping stones."

Again congratulations and best wishes.

Miss Marjorie Turner

CLASS HISTORY

It was the morning of August 31, 1961 that we, a group of 90 new and eagerly awaiting neophytes, entered Douglass High School to become the graduating class of 1966. Our homeroom teachers were Mrs. Norton, Mrs. Taxley, and Mrs. Young. They immediately helped us get started in our new environment at Douglass High. During our first year at Douglass, the students of our class participated actively in many extracurricular activities such as Dramatics, Band, and the Science Fair.

Time passed rapidly, and we returned to school the following September as Freshmen. By this time our group had dwindled to 73. Our sponsors were Miss Jones, and Mrs. Hotten. That year we won first place in the intramural basketball tournament, and William Pollard won a Citizenship award.

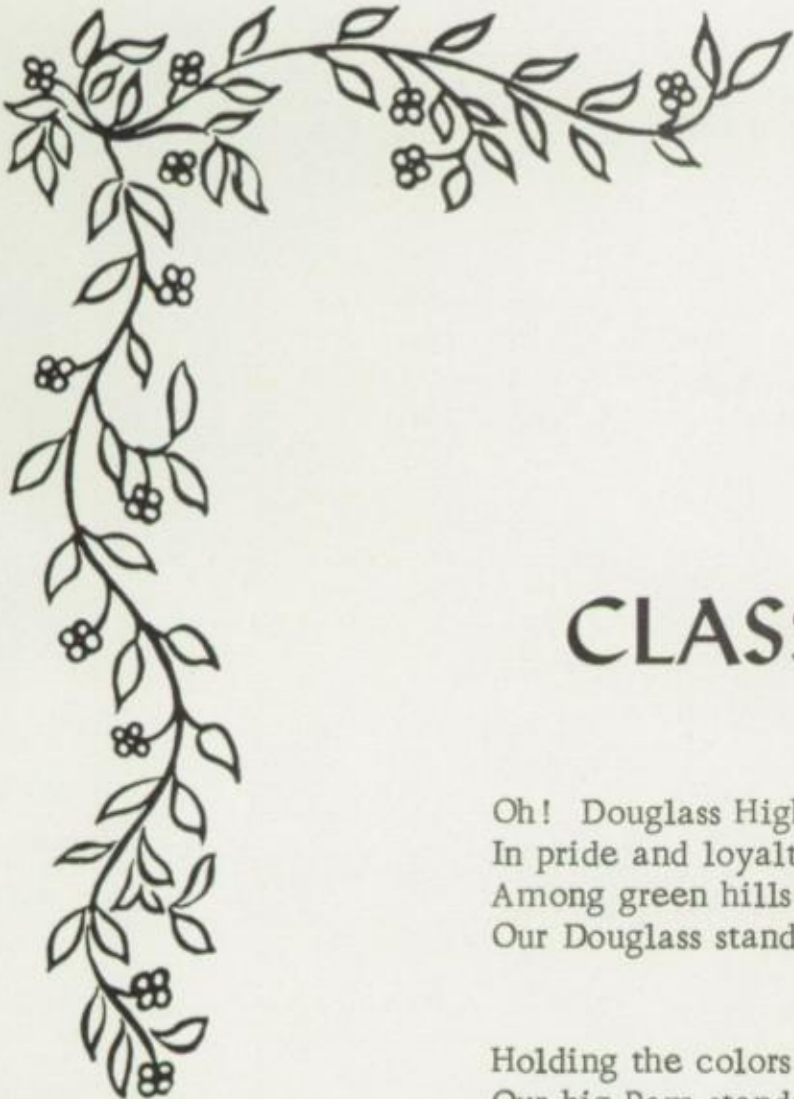

After an exciting and interesting summer, we returned as sophomores determined to make it to the end. There were only 52 of us. Our sponsors were Miss Anderson, and Mr. Sims. We entered many organizations with our classmates heading the list. Charlotte Lee won second place for the Homecoming Queen. Albert Howard tied for first place in Algebra II in the Science-Math Fair at Jennie Dean, Manassas, Virginia.

We entered our Junior year, with only 41, realizing that our goal was just over the hill, and that to reach it we had to climb only a few steps further. Along with our very fine and wonderful sponsors Mrs. Craven and Mrs. Odrick, we tried to make this year a very successful one. Our accomplishments for this year included the following: William Pollard, one of our outstanding students was selected reporter for the school on the local radio station; Albert Howard, again, won an award in Algebra at the Science-Math Fair; Our football team did well because of the large number of Juniors participating; and we worked very hard to make our Junior-Senior Prom the best that Douglass High has ever had. The theme of our prom was "In the Misty Moonlight", and the music was rendered by the Wailing Wanderers.

Although we participated in many activities, we still kept our studies in mind. This we believe, contributed greatly to our accomplishments as listed above.

Alas, with 36, a little more than one-third of our original group, we finally reached our Senior year. Our sponsors were Mrs. Davis and Miss Turner. This year we headed most of the school activities. Two of our most promising students, Gertrude Ashton and William Pollard were selected as reporters for our local radio station. Our officers were: William Pollard, President; Charlotte Lee, Vice-President; Mary Lee Payne, Secretary; Marion Haley, Treasurer; and Gwendolyn Coleman, Reporter.

As we continue to work to produce the most colorful and outstanding yearbook Douglass has ever had, history continues to be made. What the future will bring no-one knows, but for each of you, we wish only the best.

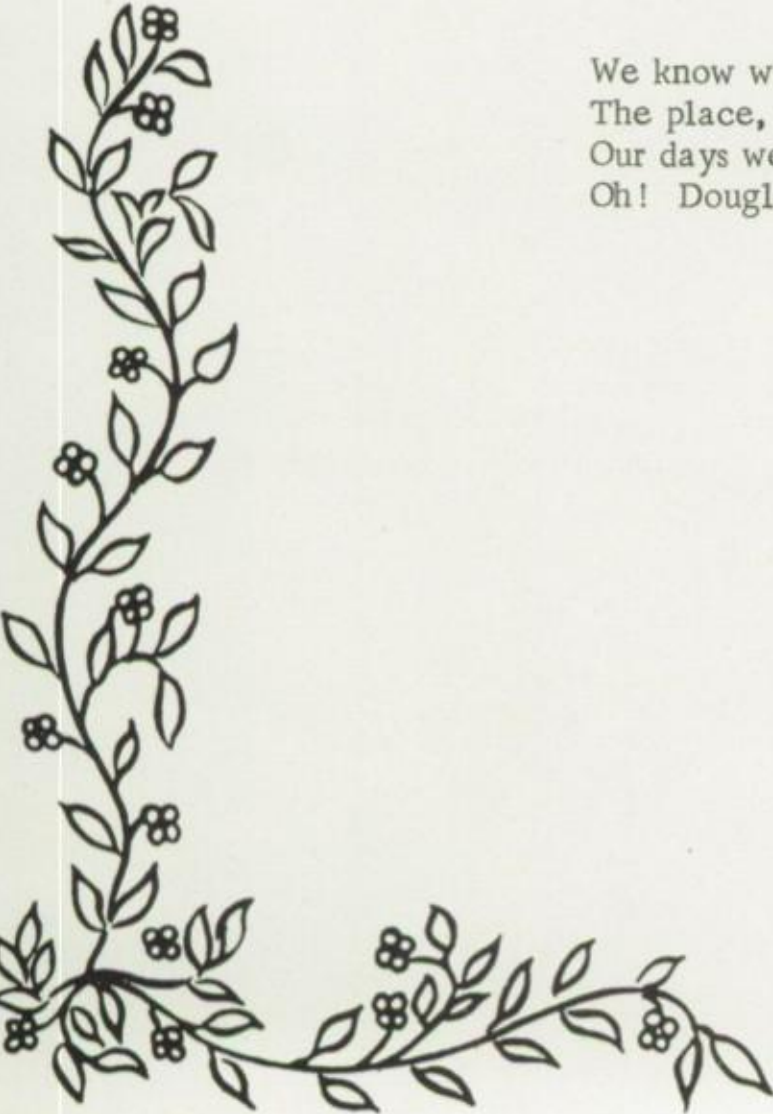

CLASS POEM

Oh! Douglass High, our praises we bring,
In pride and loyalty we sing.
Among green hills and plains serene,
Our Douglass stands supreme.

Holding the colors green and gold,
Our big Ram stands strong and bold.
Onward, upward is our cry,
The one begun at Douglass High.

The time has come when we must part,
Planting the treasures of five years in our hearts,
Leaving behind a friendly word,
Experience we gathered and not heard.

We know we must now depart,
The place, we made our noble start.
Our days were good, our days were blue,
Oh! Douglass, "We'll never forget you."

CLASS SONG

Tune: "You'll Never Walk Alone"

When we came to Douglass High, five long years ago--
No one knew the line he would tow
Our teachers were just great, made us walk very straight,
"Tis the way to your goal", we were told.

Strive on to do right, strive on win your fight,
Tho' at times the way'll seem hard
Strive on, strive on with vict'ry your goal,
And you'll never know regret,
You'll reach your goal someday.

Obstacles we did face, on the road in our race--
With cour-age we strove for our goal
At the end of the day, during the night we'd pray,
Dear Lord, help us on, keep us strong.

We've marched through the years, we've marched shed our tears
Now our parting time is here,
Good-bye, good-bye, Dear sweet Douglass High
Tho' we'll miss you we won't cry,
We'll miss you Douglass High.
